

LAKE EAU CLAIRE COUNTY PARK

.... ABOUT OUR FACILITIES

Lake Eau Claire County Park is located on South Shore Drive (CTH SD) on the west end of Lake Eau Claire which is approximately 5 miles north of Augusta off Highway 27.

The park has a clubhouse, one large shelter, three small shelters, and a barbeque pit shelter – all reservable and with electricity. There are two volleyball courts, numerous horseshoe pits, and a playground at the park. There are two mooring docks on the Lake Eau Claire Channel with barrier-free fishing accessibility.

The clubhouse is approximately 40' x 100' with a large fireplace. The clubhouse can seat approximately 120 people and an additional 60 people in the attached screened-in porch. For many years this facility has been used for receptions, family reunions, and club meetings. The porch can be reserved separately or in conjunction with the clubhouse reservation. Kitchen facilities at the clubhouse include a refrigerator/freezer, two electric ranges, and several serving tables. Three large roasters, and two 30-cup coffee makers are available upon request to those with reservations. There is a pass-through serving counter between the kitchen and the main clubhouse area. The kitchen facilities are included with all clubhouse reservations. Porch reservations do not have access to the kitchen.

SMOKING IS NOT ALLOWED WITHIN 25' OF THE CLUBHOUSE OR PORCH.
